# CAREERS IN DIGITAL MEDIA

## PANEL DISCUSSION AND COMMUNITY NETWORKING EVENT

Please join Career Moves at JVS and Combined Jewish Philanthropies for a free community networking event to learn about career paths in the field of digital media.

In addition to a panel presentation, this event will feature networking ambassadors (professionals working in various digital media settings) who will participate in the networking which will take place after the panelists speak. The ambassadors, along with the panelists, will offer information, support, and, where appropriate, networking contacts to attendees. The participation of our networking ambassadors makes this event different from all other networking events you've attended. Please join us.

**Date:** Wednesday, January 27th
